

Dear FCC,

SOS!!!!

I am appalled to hear about the fact that Sinclair Broadcasting is planning to air an anti-Kerry documentary on airwaves that are supposed to serve the public interest in a fair and balanced way, and to do so DIRECTLY BEFORE AN ELECTION.

If this is not proof that big media is throwing its weight around in a way that dangerously undermines our democracy, I don't know what is.

I ugently demand that you fulfill your obligation as a guardian of the airwaves by INTERVENING IMMEDIATELY to either prevent these broadcasts, or to force Sinclair Broadcasting provide equal time to the other side of the ticket, if they do air the anti-Kerry program.

Please act decisively and without delay to prevent sinclair's abuse of public airwaves.

Sincerely,

Rebecca Rauve
